Nowhere Man, Nowhere Man
You laugh at the things you don't understand
Nowhere Man, Nowhere Man
Wash my blood from your feeble hands
And even though you're trying hard
To make a better life
All you do is turn away
Shove it up your arse

Nowhere Man, Nowhere Man
You're happy as a fading ?
Nowhere Man, Nowhere Man
You got yourself from the fat of the land
Climbing up your ladder high
What's that ? ?
Treading on your fellow man
You're no friend of mine

Nowhere Man, Nowhere Man
Bowing down and you'll make a stand
Nowhere Man, Nowhere Man
Beat the Joneses if you can

Nowhere Man, Nowhere Man
In your ugly clothes you look so grand
Nowhere Man, Nowhere Man
? ?
And day by day you're looking back
To see what you have got
A steady job at Tennessee
That ain't a lot

You laugh at the things you don't understand
Wash my blood from out of your hands
Nowhere Man, Nowhere Man
Nowhere, Nowhere, Nowhere Man
Nowhere Man, Nowhere Man
Nowhere, Nowhere, Nowhere Man
