I am...the way

I'm free to claim my land
And you'll bow at my command
With blood I shall control
Now I am free to rape your very soul

Your hate is all you show
So your hate has made me grow
No hope for any man
I'll take your lies and crush them in my hands

So turn away from what you see
You gave me life I am machine
I'll take you over to the darkest side
I'll send you up to genocide

Through time I've waited long
I've watched your petty wars for much too long
Machine is what I am
Now watch me spread my chaos through the land

Don't turn away from what you see
You gave me life I am machine
I'll take you over to the darkest side
I'll send you up to genocide

...You know not what you are
I am machine

Religion has a ? on a blood-stained land
Genetic engineers try to save me in their plan
Two thousand years, shed a million tears
You've had your say, now it's my day

I am the way
I am the system
I am the way
I am the system
I am the way
I am the system

And I...will destroy
And I...will destroy
And I...will destroy
And I...will destroy
