Don't touch me 'cause I can take it
Without you here, I can make it
There's nothing here when you need it
So take your heart but don't bleed it

I keep on looking but there's no one there
I keep on searching but there's no one there
I keep on listening but there's no one there
This is how it's got to be
This is what you've done to me

Hate me 'cause I can take it
Take your vow and then break it
There's nothing here when you need it
So keep your love 'cause I don't believe it

There is no God

Touch me, 'cause I am sweating
Take my hand 'cause i am fading
I feel the night is crawling over
I feel the dark will last forever
