Another boring night and I'm feeling pissed,  
My heads fucked up and I'm in a mess  
Too many drugs have made me high  
I want to cause havoc, I want to die.

We are the League, with the extra man  
We are the League, we are the anti band  
So don't you say you're feeling bored  
The League are here and we have scored

We are the League  
We are the League  
We are the League  
The Anti Nowhere League

You criticise us, you say we're shit,  
but we're up here and we're doing it  
So don't you criticise the things we do  
No fucker pays to go and see you.

We are the League and we are mad  
We are the League and our music's bad  
We'll fuck noise like you've never known  
And make you wished you'd stayed at home

We are the League  
We are the League  
We are the League  
The Anti Nowhere League

We hate the dogs, we hate the man,  
We hate the things we don't understand  
No time for love, cos that ain't class  
If you don't fucking like it, stuff it up your arse.

We are the League and we are mean  
We are the League and we're obscene  
We don't give a toss for what you think  
Cos all your views, they fucking stink

We are the League

We are the League

We are the League ???. so don't fuck with the League!
