You know there's no such thing as a free meal  
And they're ain't no future in British steel  
Know the only thing that really makes us smile  
Is a joke and a laugh and a night on the tiles  
No one ever gives you anything for free  
Unless you start sleeping with the BBC

Nigel got a job in the city  
Works in a department store  
Slogging his guts out all through the week  
Looking forward to the weekend score

But tonight he's gonna be somebody  
Dancing his heart out with a local girl  
She doesn't care whether he's got no money  
There's more to life then they teach you at school

And tonight's he's gonna reach somebody  
Falling in love with a local girl  
She's doesn't care whether he's got no money  
She know he's got a heart of solid gold  
Solid gold, solid gold

You know there's no such thing as a ticket to ride  
Or satisfaction without sacrifice  
The only thing that's really true about life  
Is that the older you get the more you compromise  
No one's gonna hand it to you on a plate  
You gotta give, give, give before you take, take, take

Nigel got a job in the city  
Works in a department store  
Thought that his future was as good as sorted  
But he's happy in his little world

But tonight he's gonna be somebody  
Dancing his heart out with a local girl  
She doesn't care whether he's got no money  
There's more to life then they teach you at school

And tonight's he's gonna reach somebody  
Falling in love with a local girl

She's doesn't care whether he's got no money  
She know he's got a heart of solid gold  
Solid gold, solid gold

Be somebody, be somebody  
Be somebody, be somebody  
Be somebody, be somebody  
Be somebody, be somebody

Solid gold, solid gold, solid gold
