Stop your messing around
Better think of your future
Time you straighten right out
Creating problems in town

Rudy, a message to you Rudy
A message to you

Stop your fooling around
Time you straighten right out
Better think of your future
As you wind up in jail

Rudy, a message to you Rudy
A message to you

Stop your messing around
Better think of your future
Time you straighten right out
Creating problems in town

Rudy, a message to you Rudy
A message to you Rudy
Oh, it's a message to you Rudy
Yeah, it's a message to you Rudy
It's a message to you Rudy
