He likes pavement, she plays field hockey

She has fucked up teeth, he has curly hair

But she's giving him an ice cream headache

And I don't know why he's gonna take it

Anymore, anyhow, anyway, and he tried to take it back

But it was much too much too late for that

Well, they're headed down a rocky road

And she's got a chocolate chip on her shoulder

She's giving him an ice cream headache

She said, "I always fake it"

And that might have been the last strawberry
