[Illa J] Yeah (this sound like a groove an' shit) [singing]
I spend so much time, just thinkin 'bout nothin Now it's
time to turn, that nothin into somethin And see if that
somethin wants to be with me And we could be
together, live happily I spend so much time, just on
nothin I think it's time for me to start, doin somethin
Find me a fine activity Enjoy this life of liberty [Chorus]
Timeless, everything is Time just, keep on movin I just,
keep on movin Life just, keep on movin.. Keep on movin
Life just, keep on movin Keep on movin Timeless...
{*piano plays solo for a while*} [singing] I spend so
much time, just livin in a bubble I just wanna lay back
and stay out of trouble I think it's time for me to break
out the shell And I can't be afraid to failllll I spend so
much time outside my mind That I can't tell if I'm in or
outside my mind It's time for me to come to reality And
use my creativity [Chorus] [Illa J] Yeah, timeless
Timeless
