Hand-made power to hold fast to want to go to comfort
your soul
But you will always shock the body limbs Leng Bing

While relying on my body and mind are stranded in the
minefield
Is not guilty will never step to blow up near you

Separate very tired you too much hope with him
because
he hurt me you could not bear
If original sin mark love got a very hard side

All kinds of evil can not be made because I am naive
to forget that you have non-singleton
Sinner carried away into a kiss hurt you to do two
separate

Placed obstacles in the wild should I withdraw costs
me to bear left to fight back
He turned and faced them earlier, or you forget my two
Ge Chen

Promised to give you joy, but to make you roll mood
How are you man enough to share

All kinds of evil can not be made because I am naive
to forget that you have non-singleton
Sinner carried away into a kiss hurt you to do two
separate

Placed obstacles in the wild should I withdraw costs
me to bear left to fight back
Look to him early yesterday have turned to forget I
forget to kiss each other

He turned and faced them earlier this sinner forget I
forget a kiss
