Yakko:

I am the very model of a cartoon individual
My animation's comical, unusual, and whimsical
I'm quite adept at funny gags, comedic theory I have
read
From wicked puns, and stupid jokes, to anvils that drop
on your head

I'm very good at fancy dances, I can even pirouette
Then smack the villain with a fish; I know my cartoon
etiquette
I can make my face all mean and really give you quite
a fright
Then make up with flowers made of real exploding
dynamite

When in a jam, I just yell "stop" and villains in their
tracks are froze
Then I sneak up, and utter "start" and take my hands
and honk their nose

I am quite proud to be in such a hierarchial progeny
From Daffy Duck and Tweety Bird to Babs and Buster
Bunny

To suit my mood I can call forth a lot of different
sceneries
Like outer space and desert scapes and Himalayan
eateries
From this bag here why I can pull most anything
imaginable
Like office desks and lava lights and Bert who is a
cannibal
Yakko, Wakko and Dot:
You see in matters comical, unusual, and whimsical
We are the very model of cartoon individuals!
