I'm cute, yes it's true  
I really can't help it  
But what can I do  
When you're cute, it just shows  
With these two darling eyes and a cute little nose  
And a pretty pink dress, that's adorable, yes  
And when they see my dimples then everyone says

Oh shoot!  
Isn't she cute! Cute, cute  
Oh isn't she cute, cute, cute

I'm the one they adore  
I'm sweet and I'm cuddly  
And small just like Dudley but more  
It's a chore  
To be constantly cute  
And enchanting to boot  
When my lip's sticking out  
In that cute little pout  
Then there's just no doubt  
Why the guys like to shout

She's a beaut!  
Let's face it, I'm cute  
Cute, cute  
Oh, baby, she's cute, cute, cute

Being cute's a thing I can't hide  
If you look up the word in a book  
There's my picutre inside!  
TV Guide  
Has me on the cover

Don' cha just love her?  
I'm simply a goddess  
And isn't she modest?  
I'm the answer to one of the questions on Trivial Pursuit  
For "Who's the most cute?"

Cute, Cute  
Oh isn't she cute, cute, cute

I'm cute and I'm sweet  
And I'm innocent, neat  
And so trusting  
If you want our opinion this song is becoming  
disgusting

I'm cute  
So what!  
I never am vain  
She's becoming a pain in the ..  
But I'm also real nice  
I'm a doll through and through  
So big whop-de-do  
I'm sweet and adoring  
And also real boring  
And that's why we're snoring at you

That's it! You've ruined my entire cute song!  
I am angry! I am furious! I am enraged!  
I've had it!

You're awfully cute when you're angry...

You really think so?

A babba dabba dooba do wah!  
She's cute!
