Let's got to the moon
Let's got to the moon
Let's got to the moon
for a day out babe !
Let's got to the moon
rocking living true.
Get yourself aboard
for a day out babe.

Venus in winter time

Venus in the sky.
Anything's just for kids
and a day out babe -
gonna see marge
on Friday afternoon
with everybody rushing home
to see the Equals's show.

Beautiful moon-beans
I'll catch them in my hand.
Then I'll give one to you
for a souvenir.
We'll take a walk
through the crowded avenues
then I'll whisper in your ear
I'm in love with you.
