Are you ready
Here comes the change
Are you ready
For that change?

Almighty Father
He's a powerful Savior
Almighty Father
He's a powerful Savior

So you must throw away your guns
And come with your heart, brother
I said to throw away your guns
And come with your heart, brother

My sister, if you live by the sword
You shall perish by the sword
If you live by the sword
You shall perish by the sword, brother

My sister, you must remember the word is love
And the name of the game is freedom
Remember the word is love
And the name of the game is freedom for all

So won't you sing it out, freedom
I got to tell you now, freedom
A happy ending, freedom

So you must throw away your guns
And come with your heart, brother
I said to throw away your gun
And come with your heart, brother

My sister, you must remember the word is love
And the name of the game is freedom
Remember the word is love
And the name of the game is freedom for all
