

The Evan Anthem "Testing"

Look around, can't you see I'm right here
at a time you need me
the most you've ever realized.
Look at her (Look at her), can't you see she's right
there
at a time you need her
the most you've ever realized.

Out of sight, out of mind
out of everything we've been through in this short
amount of time.
I'm alive, and so are you.
We have so much to be thankful for, I know you know
it's true.
I'm around, I'll be right here for you
at a time that's testing
our will to get through everything.
We'll get by, we'll be right here for you
I am certain you can come up from under everything
