Is it too much to ask
for your hand when I fall
Is it too much to ask
for a smile
in a crowded room

When I'm alone
When I'm sad
When I just need my friend by my side

'cos I miss you
when you're here
and I love you
when you're gone

You say you want nothing
it's all you'll get
you say you want nothing
no, no, no

You say you want nothing
it's all you'll get
you say you want nothing
no, no

We can't undo
No, we can't undo
all those days and weeks and months and years
Undo
No we can't undo

But you loved me
And you chose me
And you felt my heart all the time

You said you loved me
And you chose me
And you felt my heart all the time

Is this too much for me to take
This is too much for me

This is too much for you

No, no

We can't undo

No, we can't undo

All those days and weeks and months and years

Undo,

No, we can't undo
