A boy with his heart
Barzin

A table's turn
The light's alone
The road reach is far

An this is hope
A boy with his heart

He carries no name
He hasn't solved the backroads's turn
His mother's gone
The boy with his heart

Walk with him now
Watch him go
The backroads are high

The river's slow
The boy with his heart

There is no love
The ground is cold
Wait for him there

Have been told
The boy with his heart
