### "Baby You And I"

Visit "[Baby You And I](#)" on MotoLyrics.com

You and I, baby, you and I,  
Baby, you and I  
Baby, you and I, baby, you and I

You and I have got that uh we ghetto of love,  
See you looking at another chick, and now we fight all  
up in the club  
But when is all set and done we go home and make  
love  
What can I say is you and I, you and I  
You and I, we step on the scene, we're killing them  
Dudes be all up in my face, chicks that try to get to him  
'Cause you and I is a helluva dream team,  
Yep they say we're both crazy, but daddy, you done  
raise me  
To be a better woman and that's when  
We gonna smoke together, gonna drink together,  
gonna love together,  
Don't leave me, ain't no better.

You and I, baby, you and I,  
Baby, you and I  
Baby, you and I, baby, you and I  
It's gonna always be

You and I can beat these upstage competitors,  
Hey just wanna ride us, but baby, we's a 2 seater  
Ain't no love a bullshit, they be on that bush shit  
'Cause we always shopping and smoking on that good  
shit  
Since we're talking bullshit no sex is that good shit  
More shit, more shit, love when we get good shit  
They say we wouldn't make it out, all they do is run  
their mouth,  
Doubt, doubt now look at us, we're something to brag  
about.  
Stars ain't the limit, baby, space is how we're living,  
baby  
Yeah, we're just driving, that override is coming

Baby you and I, baby you and I

Baby you and I, baby you and I

You and I, period, we're the shit, period  
Ain't nobody touching this, oh, they can't come close  
You and I in this bed, I put my back up  
We'll go so hard in this, babe, when we're making love  
We like to show it, please, believe it or not,  
It's like making magic when I climb on top  
You and I, I love them titles  
Sing to my heart, my American idol,  
'Cause you and I don't need no one else.  
We can talk or anything, won't mean it nothing,  
We gonna be together on stormy weather, we can do  
whatever.

Baby you and I, baby you and I  
Baby you and I, baby you and I.
