Best part about sex is
Getting to see you butt naked
Getting you all out of them clothes
Slamming the door
Now I wanna see you reaching for no exit
The best about love is
Kissing and hugging up in public
Don't care if everybody knows
Because I know, I'm going in... cause I'm protected
You can be the girl that can change my life
I'm willing to put in that over time, for you
You gonna love me when I'm through
And we're just started baby
I whisper in your ear till I blow your mind
I hope you're ready cause I got some things to prove
And I don't care who is watching
I wanna go...
All you gotta do is call, I'ma get it popping
Now you climbing the wall,
Oh no girl are you stopping
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down
You gotta let me do it all
Tell me when I'm getting closer
Everything is coming off
When I get it girl it's over
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down

... showing, it's waking up in the morning
Next to that pretty bottom, Shawty you a problem
Don't think you understand how freaking bad I'm on it
Best thing about freaking
It's doing it every weekend
Whether we in or out of town, you know I beat it down
Don't care who's watching, ain't no reason to be
sneaking
You can be the girl that can change my life
I'm willing to put in that over time, for you

You gonna love me when I'm through
And we're just started baby
I whisper in your ear till I blow your mind
I hope you're ready cause I got some things to prove
And I don't care who is watching
I wanna go...
All you gotta do is call, I'ma get it popping
Now you climbing the wall,
Oh no girl are you stopping
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down
You gotta let me do it all
Tell me when I'm getting closer
Everything is coming off
When I get it girl it's over
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down

Cherry... with them jeans on that shit
Engine sound like a boat, throw some dies on that bitch
Overseas in the 6, heard they make them better here
Last year I mad a mill I'm trying to have a better year
Throwing money everywhere, love it when I ball out
But me and my baba mama are about to fall out
She said you play hard well how am I supposed to do it
Coming home late and always on that floor
But my dick gain, make her forget thangs, beat dat
thing down
I'm the shit main,
Fly as shit, not to mention I'm rich main
That's why I get... when I switch lanes

All you gotta do is call, I'ma get it popping
Now you climbing the wall,
Oh no girl are you stopping
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down
You gotta let me do it all
Tell me when I'm getting closer
Everything is coming off
When I get it girl it's over
Beat dat, beat dat, beat dat, beat dat thing down
You know I'ma
Beat dat, beat dat, beat dat, beat dat thing down
