Look around, see the fires burning moral ground  
In the shadows all this time, feeling safe and sound  
Shadows dance through the night; spirits come alive  
Fools believe all is right, until no one survives

Blood red moon awaits, will the world awake  
Signs of judgment day, time will seal our fate

Black Masquerade's upon us  
The dance of fate has begun  
The great charade devours us

Secrets made in the dark allowed to get this far  
Sinners and saints share their crimes;  
Leave their morals on the ground

Blood red moon awaits, will the world awake  
Signs of judgment day, time will seal our fate

Black Masquerade's upon us  
The dance of fate has begun  
The great charade devours us  
Black Masquerade has come  
The day now has come to run  
Black Masquerade's upon us  
Chaos will reign our world

Silent cries cut the night, dying embers steal the light  
Night and day turn to one, Guardians wait for a sign

Will the world awake, dreams revealing fate  
The timeline has been set, will judgement day be  
altered yet

Black Masquerade's upon us  
The dance of fate has begun  
The great charade devours us  
Black Masquerade has come  
The day now has come to run  
Black Masquerade's upon us  
Chaos will reign our world
