Ask me out and I might say no,
But a few years down the road I'll know that it's you
And me
And I'm happy as can be
If I cared I'd turn the world around
Cause I know we've had our ups and downs
But it's me
And you
And nothing I wouldn't do for you
You can't break a heart if you never had the key but you
gave it to me
You can't break a heart if you don't know what to do

I was counting on you
I made you blue and you made me true
I made you cry and you made me too
But it's here and there and I've seen the crushing glare
So don't forget that after all it's just a Brooklyn phone
call
And (his cry as a roof may be)
It's nothing compared to the love of you and me
