"So I guess I'll see you around?"
"I'll see you when I see you."

Please don't laugh at my broken heart
It's bad enough that my car won't start
There's nothing worse than being lovesick
When your broken down car, a real piece of shit

You broke my heart, my car won't start

You smile at me as if you cared
With the smell of your goodbye, hands in my hair
Why did you wait till a quarter till one
When there are no buses running, not even one

You broke my heart, my car won't start
You broke my heart, my car won't start
