I don't want to die  
'til i'm twenty-six  
Live in my house  
Way up in the hills

You're never, never, never  
Going to gain control  
Your life is empty  
If you knew what I knew,  
It's character assassination

Teenage suicide, ha ha  
I'll think, i'll overdose  
Cover of rolling stone,  
4 lines I'm comatose

My wife threw out my record collection  
Through them into our olympic pool  
Walked in on my secret love affair  
With my thirteen year old whore  
She said "I don't want to talk about it,  
You're just l.a. scum"
