"Crazy Cold"

My head's confusion
is infused by the love you give
holding on to illusions
simple love that tries to mend

Chorus:
You know the colours fade
this cleansing comes with the rain
so take me home
its crazy cold
I've lost my soul
well these tragedies been told

Just lost and floating
will there be an end
a step's been stolen
I'm limited to stand

(chorus)

Theres something in it
in your eyes
hands out stretch
with laughs held high
sharp reflected
compromise
lost and loved
though still despised

Well take me home
cause its crazy cold
yeah I've lost my soul
this tragedy been, tragedies been told
so take me home yeah
cause its crazy cold
and i've lost my soul
well this tragedies been told

My head's confusion
is infused by the love you give
holding on to illusions

simple love that tries to mend
