"Dig You Out"

You sent me a curse
Left for dead by the waters edge
You're the thorn in my side
I try to dig you out
Full of disgrace
Hate to admit it but lying was worth it to dig you out of
my head
(To dig you out of my head)

Are we dust in the wind?
Look at all the things we lack
Running circles in the black
Are we dust in the wind?
Searching for security
Far from where I wanna be

I Tried to forget
Pictures burned in my memory
Keep closing my eyes yo wash the pain away
If I can believe the blind can see
Then God knows the trouble I'm in to dig you out of my
head
(To dig you out of my head, head Head)

Are we dust in the wind?
Look at all the things we lack
Running circles in the black
Are we dust in the wind?
Searching for security
Far from where I want to
Far from where I wanna be

Look at all the things you lack (look at all the things you
lack)
It's not just talk it's who you are
Look at all the things you left
Deep inside my every wound
I'll dig you out
I'll dig you out

Are we dust in the wind?

Look at all the things we lack
Running circles in the black
Are we dust in the wind?
Searching for security
Far from where I wanna be

Are we dust in the wind?
Look at all the things we lack
Running circles in the black
Are we dust in the wind?
Searching for security
Far from where I wanna
Far from where I wanna be
