Through muffled screams and swollen eyes? From lots
of pills and alibis? I always find my romance
In the emergency room?
I remind you
Of everything you hate? And you remind me I'm the
one to blame?? I'm fighting myself
To get you out of my head? But I'm hangin' off of every
word you said?(2x)?? Forced heartbeat and broken
mirrors? Flaws and faults are held so dear? My
reflection makes me sick? The pain we feel is nothin'
new?
Prescription drugs and photographs? Of loneliness and
nervous laughs? What you call misery through anxious
eyes? Is somethin' I can't see
It's somethin' I can't see?? I'm fighting myself
To get you out of my head? But I'm hangin' off of every
word you said? I'm fighting myself
To get you out of my head? And I'm screamin' loud
enough to wake the dead?? I'm fighting myself
To get you out of my head? But I'm hangin' off of every
word you said?(2x)
