

The Explosion

"Everybody In The Band"

Visit "[Everybody In The Band](#)" on [MotoLyrics.com](#)

Everybody in the band appreciates Marc
Everybody in the band appreciates Marc

In tears for man's condition
He drives the van all night
Even when the mix is bad
He says it sounds alright

And everybody in the band appreciates Marc
And everybody in the band appreciated Leo

'Cause everybody loved us
When Leo ran the show
He hugged a few promoters
So sad to see him go

And everybody in the band appreciated Leo
And everybody in the band appreciates Marc
