We're going live

To bring you all this update

First to find out

First to bring you to the scene

We're your winning team

And we stand

Behind our reputation

Please form your own opinions but,

You should hear the ones we've got

Our objective talks

What you all should know

We bring the facts on a lighter note

Ratings down for serial killers

Stall the weather

Grab the filler

Let's create a scandal

Heads or tails you call it guilty

Clear it doesn't matter

Two sides bring this world together

And we can do a full page when this all comes crashing  
down

We are your only contact to this and this is too  
important for you to miss

So listen in while we milk this one for all it's worth

Stay with us now cause you heard it here first

A hero bleeds but no one needs to hear about

How we should have found out

We should have found out

WE SHOULD HAVE FOUND OUT

WE SHOULD HAVE KNOWN!!

Call us jaded  
Smoke and mirrors  
But we want you to believe

We tell you everything you need to know

If we leave things out it's probably not that important to  
know

BUT, I WANT TO KNOW!!

THIS IS OUR UNRIVALED RIGHT TO BE TOLD.
