We're on square yet

What plan you to come from  
Which your... done  
And my show hands up in the sun  
Ask her what she's doing when it's done.  
We're gonna kick it, have a little fun  
Play me a... for a... one  
... sweats... all start shots  
Watch you smoke, watch you drink  
... what you think  
... black... pink  
I'ma see that by the end of the week  
She said you're gonna let me sleep alone  
I said no, she said come on

Chorus:

I don't know just where you came from  
I need you now  
If you leave me from... something I can't...

Yeah see, I knew she wasn't from here  
That's why I called her foreign exchange student  
She's like freshes... all that  
But at the same time she plays more... count three  
This is to the pics... religiously...

I don't know your circle circle  
But you like this... right here  
I know you... hurt you hurt you  
But don't be scared, be scared  
I... hot so hot, up in the air, the air,  
George clooney... I don't... that's...  
You come back stage my... it's cool  
... watch my... grabbing these snacks like scooby doo  
Smoke to your eyes like lucy loo  
She knows... but she asks for shots  
...  
You ain't going home I'm glad you not.

2 x chorus:

'Cause I don't know just where you came from  
And I need you now  
If you need me from the start  
... something I can't...

So all the ladies or should I say... women right there  
It just apply to, I wish I could sing you some beautiful  
flowers  
Or teddy bears but I can't so  
I'm gonna have... just for you baby, just for you  
Is that vintage or...

Swag, swag, swag, swag

[Chorus:]
