I am on the way into the city of woe  
I am on the way to the forsaken people  
I am going down into a pit so low  
I am on the way into eternal sorrow

The cry ceased and the echo passed hearing  
I saw three mighty presences appearing  
With neither joy or sorrow in their bearing  
No sign of compassion or caring

I stand on the foyer of hell  
In this nightmare I will dwell

No direct ascent past the beasts  
To pass this you must descend through Hell

These wretches were never dead  
They ran through swarms of hornets naked  
That gauged them the more they fled  
Sweet blood soaked them red

It made their faces stream with bloody gouts  
Pus and gore that dribbled to their feet  
If they fell they were to be swallowed  
By loathsome worms and filthy maggots

I stand on the foyer of hell  
In this nightmare I will dwell

No direct ascent past the beasts  
To pass this you must descend through Hell  
Descending all through Purgatory and then,  
You will be free to dwell

No direct ascent past the beasts  
To pass this you must descend through Hell  
Descending all through Purgatory, crossing the fire  
To pass this you must descend through Hell
