Forever you screamed with the rest of your brethren.  
You  
Sold out so cheap, tried to cash your faith in. How can  
We unite when so many are two-faced frenemies. No  
Dedication.

Down for life, make sure the good you do outlives you.  
Eradicate all fears, the world won't stop if we die or  
Live. So stand hard, spit in the face of conformity, or  
Soon all you'll be is just another faded memory.  
Underground, that's all we know. It's always there for  
us

And we will never forget.

Major label deals ain't why we are here, if it's us  
Against the world then we've already come true and  
won  
Clear.

Was never promised a tomorrow but we still hold on.  
Maybe  
Once strong in faith, the weakest now all but gone.  
Knew  
It weren't in your nature, you never let love drive you  
On. If it's not in your nature, learn to let love drive  
You on.
