When I was lost
I could not see
All the beauty and wonder
There'd been around me
I was alone
Dreaming of you
Oh I could not imagine
This dream coming true
So much joy now
And all that you touched
You make me feel
Everything's so much

Chorus:

I will love you for the earth at my feet
I will love you for the sun in the sky
I will love you for the falling rain,
I will love you for the heart that could break,
I will love you for the dreams that we share,
I will love you for the falling rain.

Facing the wind,
Tears from my eyes,
Baby where have you been,
When I was hoping,
Was waiting for you,
To pull back the door,
To take me by the hand,
And lead me through.
This whole world was,
A stranger to me,
Now you have opened,
My heart to everything.

(Repeat chorus)

Spoken:

Like a whisper in a dream
You've walked softly into my life
With love and sweet emotion
And as I gaze into your eyes
I see the beauty that God has created
And I love you girl
Now and forever
(Repeat chorus x3)
