Take all the time you need to win all your fights
But lose sight of everything, of everything
Come on, come talk to me
Too scared to step up like a heavyweight
Without a ring, without a ring

And I'm starting to see what's in it for me
But I can't do nothing 'cause I feel so weak
I'm starting to see what's hidden beneath, yeah, yeah

Take everything you want
Night after night, fight after fight 'til it's gone
Take all the time you need watch it all crash down
Too scared to get knocked out
To hurt to move along, let it out, let yourself to the next
'bout
Stand up and sing along, stand up and sing along

And I'm starting to see what's in it for me
But I can't do nothing 'cause I feel so weak
I'm starting to see what's hidden beneath, yeah

Upper cut, on the ropes, take everything, I got nothing
to show
Hear the noise, see the crowd, heavyweight 'til the final
round
Now I'm down-count to ten coming up for air again, and
again, and again
And again, and again, and again, and again, and
again

And I'm starting to see what's in it for me
But I can't do nothing 'cause I feel so weak
I'm starting to see what's hidden beneath, yeah

And I'm starting to see what's in it for me
But I can't do nothing 'cause I feel so weak
I'm starting to see what's hidden beneath, yeah, yeah
