Hello moon up in the sky  
It's been a while  
Since you turned around  
And looked down on me  
And smiled

Did you get scared  
Of the sun and the day  
The only one  
Who could chase you away  
Or were you swinging  
With the stars in sky  
Or did you  
Just get too busy  
Bringing in the tides  
The tides

Don't forget  
About me please  
Even if I'm asleep  
Don't leave  
Without me knowing  
That I'm dreaming

From where you are  
Do I look small  
And can you see us all  
And if that's the case  
It's been a while  
Since I've been back  
Do you think  
You could check  
And make sure he's ok

Don't forget  
About him please  
Even if he's asleep  
Don't leave  
Without him knowing  
That he's dreaming

I look for you every night  
Your pearly gaze  
And your silver light  
They say  
You'll turn on me in the end  
But I consider you  
To be my very close friend

I won't forget about you no  
Even if you're asleep  
I won't leave  
Without you knowing  
That you're dreaming
