How Deep

How deep do you wanna go (how deep, how deep do you wannago)

How deep do you wanna go (how deep, how deep do you wannago)

Cross the skies of our minds skies were moving

Lights behind our eyes they were shining

Oh so brightly

Felt like love and we were not mistaken

No promises or hearts would be breaking

Then you asked me

Chorus:

How deep do you wanna go (how deep do you wannago)

Gonna make this love so right

How deep do you wanna go (how deep do you wannago)

Take all of me tonight

Time to time this love wears disguises

Hiding behind some hard compromises

Growing stronger

Of all the hopes and dreams we have spoken

Way beyond the doors yet to open

Come on lets go further

Chorus:

How deep do you wanna go (how deep do you wannago)

Its time to let me know

How deep do you wanna go (how deep do you wannago)

What lies within your soul

How deep do you wanna go (how deep do you wannago)

How much love is in your heart

How deep do you wanna go (how deep do you wannago)

Oh let it go baby

Two as one its complicated, I know

And the deeper we go the stronger we are

Chorus
