English translation

You're my maman, my heart, my heart
My only maman, good bye, good bye I offer red roses
to our future.
I even grasp onto
it's thorns of wings
are spread over our destiny
because deep within my memories
there is no future.* Swans floating in a lake
secretly paddle their feet in the water.

Can't you see the sweat on my heart
that I must wipe away myself? **Diamond Dust
Freeze like fire
Diamond Dust
Young nobleman of the ice fields I offer a kiss
to Siberia, where my mother lives.
In our hearts let's make a vow
to meet again floating in a starry sky
swim across even in the cold.
Can't you see my teardrops
as they become more brilliant? Diamond Dust
Flare up coldly
Diamond Dust
Young nobleman of the ice fields *Repeat
**Repeat
Diamond Dust
Flare up coldly
Diamond Dust
Young nobleman of the ice fields
