

The Explosion

"I Let Go"

Visit "[I Let Go](#)" on MotoLyrics.com

Holdin' on it does nothing for me
Solid ground just makes me feel unsure
On the edge I never get uneasy
Nothing seems to scare me anymore

The look that's in your eyes
Means you feel the same
My heart beat raises high
When you say my name

CHORUS

I let go when I know
There's no safety net below
I let go so I'm free to fall
And the feeling begins
In the way you make me spin
And it happens every time I hear you call
I Let Go

Empty rooms threaten me with shadows
Now the night it feels just like a friend
I always was the girl who walked home backwards
So the journey never had to end

Your smile is like a star that lights up all around
Your whisper in the dark is now, now my favorite
Sound

CHORUS

I let go when I know
There's no safety net below
I let go so I'm free to fall
And the feeling begins
In the way you make me spin
And it happens every time I hear you call
I Let Go

You're like a stage about me
I don't have to change my crazy
Cause you get the girl I wanna be

I let go when I know

There's no safety net below
I let go so I'm free to fall

CHORUS

I let go when I know
There's no safety net below
I let go so I'm free to fall
I let go when I know
There's no safety net below
I let go so I'm free to fall
And the feeling begins
In the way you make me spin
And it happens every time I hear you call

(I Let Go x 5)
