our eyes have seen the glory of the rise before the fall
times get tight no end in sight we've run into these
walls

sit back and have a laugh let's talk about the things
we've done

and what we never have look how far we've come

this is what we say

this is what we are

this is what we are

and if you don't know

you weren't meant to

if you can't see

don't even try to understand

if you don't know

if you don't know

if you don't know

you weren't meant to

fortunate we are but fortunes come and go

buy yourself some time the years still take their toll

even when you think you got it sussed

sometimes all that you can trust

is the sun will rise tomorrow

and that's alright with us

and if you don't know

you weren't meant to

if you can't see

don't even try to understand

if you don't know

if you don't know

if you don't know

you weren't meant to

and if you don't know

you weren't meant to

if you can't see

don't even try to understand

if you don't know

if you don't know

if you don't know

you weren't meant to
