It's hard to keep your head above water
When you're drowning in hate
Twisting laws to control fates, can't run
Not now or ever
All for one and none for one
Try hold me back
Never givers only takers
They wear the crown

They will never take
They will never break me down
Guilty till proven innocent
Not guilty

Criminals in uniform
Mean nothing to me
Hide behind your laws
Stop us being free
Criminals in uniform
We'll take no more
We'll have no pity
When you're dead on the floor

Fuck the law, fuck the rules, fuck your life
You swore to protect but control our lives
Being told we're always guilty
When your hands are bloody and filthy

With a conscience that doesn't exist
Was it Hendon that taught you this?
To harass, oppress and take the piss
Even riot gear won't save you from this

Criminal

People will riot again
They won't be ready so they can't defend

Criminal

An uprising with bitter hate

For all the innocent lives you've raped

Criminal PIG!
