You know I really do dig your style  
It's true  
So I sincerely hope you will appreciate mine too  
And it appeals to me how love is a mystery

Honey, turn the porch light on  
High steppin' across your lawn  
If you're thinkin' it's a leprechaun  
Well, it's only me living free tonight

I never wish to alienate you by seeming obscene  
For love of life and chlorophyll  
My favorite light is green

And now I hope you're diggin' this way I dance a jig

Honey, turn the porch light on  
High steppin' across your lawn  
If you're thinking it's a leprechaun  
Well it's only me livin' free tonight  
Honey turn the porch light on  
Honey turn the porch light on  
If you're thinking it's a leprechaun  
Thinking it's a leprechaun  
Well, it's only me
