Tell me how the sky is falling
Into what was once the sea
How the ground is crackin' up
To swallow you
To swallow me
Let the devils of a lost world
Raise their planet from the dea
Angel cover me with kisses
And I won't hide my head
No I won't hide my head

No no no
I won't mind
Should the sun refuse to shine
No no no
I won't crawl
Let the sky fall

See the preacher board the peace train
With a a hatchet in his hand
Isn't that one fraudulent
Ticket that you're holdin', man
Let the proud religious soldier
Guard the dream that he's been sold
Heaven fill my cup with mercy
I won't hide my gold
I won't hide my gold

No no no
I won't mind
Should the sun refuse to shine
No no no
I won't crawl
Let the sky fall
Let the sky fall

When the clouds of sorrow hover
Everybody dreads the flood
In the garden of Gethsemane
The Lord Himself sweat blood
But the ending to that story

It was written from the start
Paint the winter night with true love
And I won't hide my heart
No I won't hide my heart

No no no
I won't mind
Should the sun refuse to shine
No no no
I won't crawl
Let the sky fall
Let the sky fall
Let the sky fall
