His sound's atomic it rumbles your stomach
Althought it sounds tough he blows your ears off

Lord and master shepherd of sounds
Max overload overpowering the slaves
Max overload overpowering the stage

To the devil he'd sworn on the day he was born
He'd create a pink noise to turn girl into boys

Lord and master shepherd of sounds
Max overload overpowering the slaves
Max overload overpowering the stage

His superforces break down the halls
He destroys the concrete and demolishes walls

Lord and master shepherd of sounds
Max overload overpowering the slaves
Max overload overpowering the stage

So haven't you seen he acts very mean
He levels the volts until ya head rolls

Lord and master shepherd of sounds
Max overload overpowering the slaves
Max overload overpowering the stage
