We broke up, and now I'm just waiting for you
To wake up, and realize that this is all you
And what you're putting me through
Believe me when I say, you're gonna regret it
You'll see

(CHORUS)

That maybe, possibly I was the best I don't compare to
the rest
And maybe, possibly you make me aware of everything
I say and do
And maybe, possibly I still want you

Verse 2:

We broke up and now I'm just waiting for me
To see, the real reality
That what we had is only what we used to be
I should've known better, I could've done better
I should've known better, I could've done better

(CHORUS)

And Maybe, Possibly I was the best, I don't compare to
the rest
And maybe, possibly you make me aware of everything
I say and do
And maybe, possibly I still want you

Maybe, possibly I was the best, I don't compare to the
rest
And maybe, possibly you make me aware of everything
I say and do

Maybe, possibly I was the best, I don't compare to the
rest
And maybe, possibly you make me aware of everything
And maybe, possibly you were the best, you don't
compare to the rest
And maybe, possibly I want you to be in everything I
say and do
And maybe, possibly you still want me too.
