"Morning Doubts"

Visit "[Morning Doubts](#)" on MotoLyrics.com

Evening comes
Comes through my window
Stays all night
On my tongue

And I like the way
These autumn evenings
Wrap so slowly
Around my thoughts

Maybe now
A perfect face
Will come to me
I'll bring it back
For you to see

For now I have
This empty room
This gypsy moon
And my morning doubts
For you to see

This being here
Without a word
Waiting for something
To sing in me

And the beauty of night
Too young to understand
Still too young
To understand

Maybe now
A perfect face
Will come to me
I'll bring it back
For you to see

For now I have
This empty room
This gypsy moon

And my morning doubts
For you to see

Morning doubts
For you to see
Morning doubts
For you to see
