You try and fill my mind with doubt  
Say I've forgotten who I am  
But maybe you've forgotten how to understand...so

Have your whispers, I excused myself too soon  
Antisocial, maybe yes and maybe you

Two days after the flood begins to settle down  
I sit alone in a room full of friends  
My would-be savior slips something into my  
Mouth...for kicks

You live a life without regret  
Bend a truth until it breaks  
I thought I'd seen you at your best  
But my mistake...so

Have your whispers, I excused myself too soon  
Antisocial, maybe yes and maybe you

Two days after the flood begins to settle down  
I sit alone in a room full of friends  
My would-be savior slips something into my  
Mouth...for kicks

Sorry as you are  
What do you know  
You have to think this through  
On your own

Tries to play it safe  
Wants to be afraid  
Cannot do the same  
Push it away

You try and fill my mind with doubt  
Say I've forgotten who I am  
But maybe you've forgotten how to understand...so

Have your whispers, I excused myself too soon  
Antisocial, maybe yes and maybe you

Two days after the flood begins to settle down  
I sit alone in a room full of friends  
My would-be savior takes me in  
For kicks  
For kicks  
For kicks

Tries to play it safe  
Wants to be afraid  
Cannot do the same  
Push it away
