Trembling with fear, I stood over him  
His lie filled life was just about to end  
Drowning in sweat, he plead his case  
I knelt down beside him, and whispered in his ear...

A crash came from the broken vein; I watched her slip  
away  
Screaming pain rang out again; my turn to taste the  
blade  
For all the days that will remain; the memory will never  
fade...  
Will Never Fade From Me

Pretending to be a friend, his smile can't hide the lies  
Diluting the wrong and right, as the hours passed by  
The rage built from deep within,  
Just one shot would do him in  
I knelt beside him, and watched him disappear

A crash came from the broken vein; I watched her slip  
away  
Screaming pain rang out again; my turn to taste the  
blade  
For all the days that will remain; the memory will never  
fade...  
Will Never Fade From Me

Days of sorrow fill my each and every tomorrow  
Reality it seems no longer cares about me  
Haunting words reflecting in the mirror  
Remind me of her year after year after year

A crash came from the broken vein; I watched her slip  
away  
Screaming pain rang out again; my turn to taste the  
blade  
For all the days that will remain; the memory will never  
fade...  
Will Never Fade From Me

Deep in my mind I see her final destiny

Never forget her face, she's not to blame;  
It's all on me
