"On Christmas"

On this Christmas, yeah, on this Christmas
If only, there was someone to share this time with me
Well maybe I wouldn't feel so lonely
Cause I... these halls but now the home is empty
And this really ain't the way it should be on Christmas
day baby
I don't wanna be alone, all my spirit is gone, my spirit is
gone
And I don't wanna feel this way, on Christmas day
I don't wanna be alone, this house is not a home, no
And I don't wanna feel this way, on Christmas

It's snowing, it's cold and there's no one I can hold
closely
To keep me warm, when the storm is flowing
There's no Christmas tree or stockings by the fireplace,
no

Tell me why it's gotta be this way, on Christmas day,
baby
I don't wanna be alone, all my spirit is gone, my spirit is
gone
And I don't wanna feel this way, on Christmas day
I don't wanna be alone, this house is not a home, no
And I don't wanna feel this way, on Christmas
Standing here, uh, standing here
Under the mistletoe, but what's the point if I'm standing
here alone,
Alone, alone,
Christmas day, I don't wanna be alone, all my spirit is
gone
And I don't wanna feel this way, on Christmas day
I don't wanna be alone, this house is not a home
And I don't wanna feel this way, on Christmas,
No, no, no, no, no, no.
