"Don't look at me now,"?She said with eyes that I can hardly take ?'Cause I'm stuck with a smile that doesn't fit me anymore ?
She said,?"Who wants a life that's filled with semesters and
Useless knowledge and wasted credits ?You can stay here tonight or maybe forever ?And no one has to know ?'Cause I won't let you go"??And I can't wait to write you a letter for everyday that I can't bear ?You can fill these moments with words like forever?But you gotta swear ?Don't forget to remember me ??She said with a smile ?That screams of tears and not another word ?
Gonna spend my nights either sleepless or?Dreamin' about you ?
She said,?"Who wants a life of lost adolescence ? That's filled with regrets and anti-depressants ?I've said it before and you know that I meant it, you're All I want to know ?And I won't let that go ??And I can't wait to write you a letter for everyday that I can't bear ? You can fill these moments with words like forever?But you gotta swear ?Don't forget to remember

And I can't wait to write you a letter for everyday that I can't bear ?You can fill these moments with words like forever?But you gotta swear ?Don't forget to remember me ??Let's just hope that nothin' happens ?Wait forever not for me ?Lifelong problems and last kisses; ?All you ever gave to me

(2x)

All you ever gave to me??And I can't wait to write you a letter for everyday that I can't bear ?You can fill these moments with words like forever?But you gotta swear ? Don't forget to remember

And I can't wait to write you a letter for everyday that I can't bear ?You can fill these moments with words like forever?But you gotta swear ?Don't forget to remember me

Don't forget to remember me

Oh, no, no

No, no?
