Blood and grief, the unholy rules of survival  
As chaos guides us to the other side

Diving into the unknown  
Crawling forth the deep dark hole  
Pump our veins with calmness  
Lead our souls to the suicide throne  
Our minds are black, final moments are present  
Tear us apart in madness  
Dwells inside a circle of void

Rapture - Come close and bring the pain  
Wipe away the thoughts of the weak  
Find the golden path to the soulless dawn  
As we all revel in misanthropia

Plunging down the abyss  
Shedding off all ties to life  
Craving for serenity  
Our souls are suicide prone  
Our gaze is black, the end of life draws near  
Split our minds to pieces  
In this realm of emptiness

Rapture - Come close and bring the pain  
Wipe away the thoughts of the weak  
Find the golden path to the soulless dawn  
As we all revel in misanthropia

All life ends - Fading far away  
Twisted thoughts full of morbidity  
All life ends - The shadows are a shade  
Demoniacal whIspers eternally

Diving into the unknown  
Crawling forth the deep dark hole  
Pump our veins with calmness  
Lead our souls to the suicide throne  
Our minds are black, final moments are present  
Tear us apart in madness  
Dwells inside a circle of void

Rapture - Come close and bring the pain  
Wipe away the thoughts of the weak  
Find the golden path to the soulless dawn  
As we all revel in misanthropia  
Rapture - Wipes away  
The golden path - Revel in misanthropia
