Talk to me! kc!
Hey ladies, how are you living?
Cause we gonna shut it down...
You're going in the night like you were just serving the
same...
Fuck them girl, celebrate your independence!
Fireworks popping, like it's a celebration,
Come party over here the mother fellows is faking!
Air vane free, champagne tasty, we take enough
vacation!

Chorus: (x2)
Some fireworks to my table, like the 4th of july,
I'mma own an air vane you can have a chill night,
Asking if you need me when you gonna say you might,
We gonna wake up in the morning thinking about
tonight.

I think she likes me, she likes me,
She only likes it, when it's priceless!
She like the niggers with the money,
Call her!
She like...
She thought I'm a star!

We all left the... but to go off
And we came up in here just to show off!
If you... no! this is what a party really likes,
Spilling drinks, throwing money that's the good life!
Get that sexy girl, I wanna know her name,
She's looking like she wanna know the same!
So I ain't gonna waste time, I'ma gonna go in, hey girl!
You were...
Niggers stolen money around like it's monopoly
... rock patron and rose...
You know we gotta celebrate bubbling,
They're bringing bottles...
Watch them:

Chorus: (x2)
Some fireworks to my table, like the 4th of july,

I'mma own an air vane you can have a chill night,
Asking if you need me when you gonna say you might,
We gonna wake up in the morning thinking about
tonight.

I think she likes me, she likes me,
She only likes it, when it's priceless!
She like the niggers with the money,
Call her!
She like...
She thought I'm a star!

Black... I just took the man to picture.
The waitress is so bad I wanna do more than tip her!
These other niggs stolen our change,
... all the girls be...
... where you live at?
If you live in town, call me when you get back!
I said ok, but can I give that?
You gonna make me miss my flight, try to do it all
tonight!

Chorus: (x2)
Some fireworks to my table, like the 4th of july,
I'mma own an air vane you can have a chill night,
Asking if you need me when you gonna say you might,
We gonna wake up in the morning thinking about
tonight.

I think she likes me, she likes me,
She only likes it, when it's priceless!
She like the niggers with the money,
Call her!
She like...
She thought I'm a star!
