Well no one told me about her
The way she lied
Well no one told me about her
How many cried
And it's too late to say you're sorry
How should I know and why should I care
But please don't bother tryin' to find her
She's not there
Nobody told me about her
But they all knew
Well no one told me about her
What could I do
And it's too late to say you're sorry
How should I know and why should I care
But please don't bother tryin' to find her
She's not there
Chorus:
Let me tell you 'bout the way she looks
The way she acts and the colour of her hair
Her voice is soft and cool, her eyes are clear and bright
But she's not there
Nobody told me
Nobody told a thing about her
I couldn't find a way around her
But she's not there
Chorus
